in Behance

UX/UI Designer at Worktual Innovations (Formerly Vectone Solutions), 2023 – 2026

Design end-to-end UX/UI for a B2B CCaaS and CRM platform, from research through high-fidelity handoff — now live in production, serving 20+ enterprise clients

Led design of AI Agent features and a conversational chat interface for enterprise users, improving task completion for complex support workflows

Built and maintain an atomic design system used across the product, cutting design and build time on new features through reusable components

Freelance Designer (Self-Employed), 2020 – 2023

Delivered video editing, graphic design, and web design for 2 enterprise clients

Produced resumes, presentation decks, and brochures for 20+ individual clients, tailored to each client's brand

Sales Executive at Byju's Learning App, 2020

Drove B2C sales for an ed-tech platform, engaging prospects to understand needs and present tailored solutions

Consistently achieved weekly sales targets of ₹75,000, converting prospects through consultative, needs-based selling

Graduate Engineer Trainee at TI Metal Forming, 2019 – 2020

Ensured and maintained high standards in manufacturing processes for optimal product quality

Contributed to the efficiency of manufacturing operations
